To Whom It May Concern:

This letter confirms that Amensys Inc. has a contractual relationship with Softnice Inc by which Amensys Inc provides information technology services to Vaco/Navi Health. These services include those of Firojkhan Patan, an Amensys Inc. employee who works at Navi Health office located at 210 Westwood Pl #400, Brentwood, TN 37027 as QA Services Engineer.

In this position, the beneficiary performs the following duties:

- Develop Automation test scripts using Selenium WebDriver with JAVA
- Use TestNG/JUnit as unit Testing Framework for writing Automation scripts
- Test Web Services using SOAPUI Tool
- Write SQL Queries for Backend Testing
- Interact with Customers, Management, Developers and Business Analysts
- Defect reporting, Analyzing, Tracking, Closing and Report Generation
- Perform regression testing, Integration Testing, User Acceptance (UAT)
- Prepare a detailed Master test plan
- Develop test scripts in Load Runner for Load and Performance testing
- Design both Positive, Negative and Boundary Testcases using QTest
- Maintain code using GIT and perform build verification using Maven

The beneficiary's specialized duties and responsibilities as QA Services Engineer are such that Navi Health would typically require a bachelor's degree in a closely related field, as is the industry norm.

Neither Vaco/Navi Health nor Softnice Inc will possess any authority to assign the beneficiary to any other employer or worksite. In summary, while executing the responsibilities of this role, the above-referenced employee will remain an employee of Amensys Inc. who is the actual employer in every respect and is responsible for paying, hiring, firing, training, supervising and controlling her employment activities. Further, all employee benefits, tax, and payroll are managed and controlled directly by Amensys Inc.

Should you have questions about the beneficiary's employment or the nature of the business relationship between Softnice Inc/Vaco/Navi Health and Firojkhan Patan, please do not hesitate to contact me.

Sincerely,

*Heather Knirk*
